Messrs. K. Krishnachar, Seringapatam Taluk; and B. Narasinga Rao, Seringapatam Municipality.

Summary of discussion.—Crime was on the increase even when there was a special police force stationed at Seringapatam and Ganjam. When it was withdrawn, the usual police force of the taluk was found quite inadequate to face the situation. Assessment on lands under the Anandur nala.

Messrs. Madappa, Mysore Taluk; and Linge Gowda, Mysore District Board.

Summary of discussion.—The Government have sanctioned the proposal to improve the Anandur channel in the Mysore Taluk. Instead of doing so, the Cauvery water may be allowed to run into it as usual. It is on this understanding that the assessment on lands below this channel was fixed at the rates prevailing for the lands under channels drawn from the Cauvery. If it is not possible to supply the Cauvery water to the channel, the assessment may be revised.
